# Exhibit at the **ECS Simulation Conference**

The ECS Simulation Conference 2023 taking place on May 10th-11th is a hub for sharing expertise in various fields of simulation in vehicle development bundling thermal and structural topics. Engineers present their forward-looking applications and innovative techniques in fatigue analysis, thermal management and dynamic simulation.

For more information on the event, please visit [ecs-simulation-conference.com](https://ecs-simulation-conference.com)

## Date

May 10th - 11th, 2023

## Why exhibit with us?

- Increase brand awareness and add value to your products and services
- Network within your industry across the globe
- Connect with prospective customers and partners
- Reinforce your existing business relationships
- Stay informed about the latest technologies and innovations in the fields of simulation in vehicle development

## Venue

Stahlwelt Linz

voestalpine-Straße 4, 4020 Linz

Phone: +43 50 3041 58900

Web: <https://www.voestalpine.com/stahlwelt/>

## Booth Fee:

**EUR 1000,00 excl. VAT**

- Booth space 6 m2
- 1 free participant, including full service package like user meeting participant
- 1 Table, 1 chair
- WLAN

## Additional Booth Staff:

**EUR 325,00 excl. VAT**

- Including service package like regular user meeting participant

## Services

Registered booth staff will receive all services stipulated in the agenda. Breaks and lunches to be consumed at exhibition room.

## Schedule

Assembly:

- Tuesday May 09th, 2023, 3:00pm - 5:00pm
- Wednesday May 10th, 2023, 8:00am - 9:00am

Disassembly:

- Thursday May 11th, 2023, 3:00pm - 5:00pm

Parking, elevator available.

## Online Representation

Included to your booth fee is an online representation on the Simulation Conference website for free. Please contact us for further details.

## Registration Deadline

April 28th, 2023, 12:00h noon

## Cancellation

Until May 9th, 2023, 12:00h free of charge.

For later cancellation or no participation (without sending delegate), we feel free to charge 50% of registration fee with regular VAT.

## Liability

The exhibitor is responsible for all damages on booth material that might occur during assembly, disassembly or during the user meeting (insurance on own account). Organizer is not liable for any queries concerning booth material.
